

**AURAFLO**

(Incubated at Thapar Venture Lab, Patiala)

**Date: 1 September 2025**

To Whom It May Concern,

It is my pleasure to recommend **Ms. Arpita Sethi** for her exceptional contributions to AuraFlo, a startup currently incubated at **Thapar Venture Lab, Thapar Institute of Engineering & Technology**.

she has been an integral part of our **AI/ML Department**, where she has demonstrated outstanding technical expertise, problem-solving abilities, and a strong commitment to our vision of developing **innovative AI-driven solutions for personalized wellness and yoga posture analysis**. Her work involves designing and implementing machine learning models for pose detection, data optimization, and real-time feedback systems –tasks she approaches with remarkable dedication and creativity.

What sets Arpita apart is not only her technical competence but also her collaborative spirit. She actively engages in brainstorming sessions, contributes to product development strategies, and works seamlessly with the hardware and software teams to ensure smooth integration of AI models into our system.

I am confident that Arpita will continue to excel in any future endeavor she undertakes, bringing with her the same level of enthusiasm, innovation, and professionalism that she has shown at **AuraFlo**.

Please feel free to contact me at **auraafloo@gmail.com** if you require any further information

**Sincerely,**  
**Angad Singh**  
**Founder & CEO, AuraFlo**
